

DECLARATION OF CONFORMITY DIRECTIVE 1907/2006/CE (REACH)

TIERRE GROUP S.p.A., in its capacity as a manufacturer and distributor of products, with production sites located in various geographical areas, is not directly involved in the chemical substance registration procedure required under the REACH Regulation (EC 1907/2006).

TIERRE GROUP S.p.A. constantly monitors regulatory updates related to the REACH Regulation and ensures compliance with the subsequent amendments introduced by Regulation (EU) 2024/1328 and Regulation (EU) 2025/1731, which amend Annex XVII of Regulation (EC) No. 1907/2006.

In order to facilitate its customers' activities as much as possible, TIERRE GROUP S.p.A. has implemented a control and monitoring system for its production and supply chain, with the aim of identifying any potential issues related to the REACH Regulation.

TIERRE GROUP S.p.a. DECLARES

- that the articles it manufactures and distributes do not intentionally release the substances contained therein;
- that such articles do not release the substances contained therein under reasonably foreseeable conditions of use;
- that articles without brass, aluminium, or steel components do not contain substances identified as Substances of Very High Concern (SVHC), according to the latest update of 4 February 2026, in concentrations by weight exceeding 0.1%;
- that articles with brass, aluminium, and steel components are made from raw materials in which Lead may be present at concentrations by weight exceeding 0.1%;
- that the articles it manufactures and distributes do not contain substances listed in Annex XIV (Authorisation);
- that the articles it manufactures and distributes comply with the requirements laid down in Annex XVII (Restriction).

Tierre Group S.p.A. undertakes to continuously monitor the inclusion of new substances in the Candidate List available on the ECHA website and to inform its customers should the information contained in this declaration change.

Furthermore, as required by Directive (EU) 2018/851, Tierre Group has fulfilled the obligation to notify the SCIP database of articles containing Substances of Very High Concern (SVHC) at concentrations greater than 0.1% weight by weight (w/w).

This declaration is based on equivalent declarations provided to Tierre Group S.p.A. by its suppliers.

Attached is the document with the SCIP numbers.
